Monthly Newsletter

we're so glad you're here!

HEY, HOW ARE YOU?

Let Me Introduce Myself

Dr Chaudhry's vision when starting Ardsley Dental Spa was to blend expert dental care with aesthetic services to help you feel confident in every smile—and every selfie.

Our goal is to expand beyond dental care to offer comprehensive facial and skin wellness solutions. As a dentist, Dr Chaudhry has received advanced training in facial anatomy and aesthetics. She provides gentle, effective treatments tailored to your unique needs. Treatments include Botox, Filler, Skin Tightening and Resurfacing, Melasma Treatments and Painless Hair Regrowth. Dr Chaudhry uses revolutionary technology and partners up with the most innovative companies to provide her patients with the best treatment options available.

Why do we focus on facial cosmetics in the office? Because your smile is the picture and your face is the frame.

New Team Member Alert

THIS IS KRISTEN, OUR NEW PATIENT CARE COORDINATOR!

When you walk, in, you will be greeted by Kristen's smiling face! She loves making sure every patient feels comfortable and has a great experience from start to finish. Outside the office, Kristen is a proud mom of two basketball loving kids who keep her busy cheering from the sidelines.
