## The Love Issue

### SMILES, SKIN, & SELF CARE

This Valentine's Day, Ardsley Dental Spa and Natrl Skin Lab invite you to celebrate the most important relationship of all—the one you have with yourself.

Confidence begins with how you feel, and caring for your smile and skin is a powerful form of self-love. Our approach blends advanced dental and aesthetic care with a calming, spa-like experience designed to help you look refreshed and feel confident.

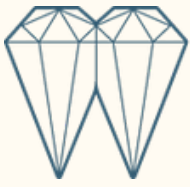

At Ardsley Dental spa we believe self care is more than a moment - it is a commitment. From enhancing smiles to supporting healthy, radiant skin, our approach blends advanced care with spa-like experiences designed to help you look refreshed, feel confident, and move through life with ease

With the launch of Natrl Skin Lab, we're expanding our philosophy beyond dentistry to include science-backed, non-invasive skin treatments focused on natural results and long-term skin health. This season, treat yourself to intentional care that supports your confidence from the inside out—because loving yourself never goes out of style.

## Introducing "The Diamond Tier"

BECAUSE YOUR SMILE DESERVES  
DIAMOND LEVEL CARE!

At Ardsley Dental Spa, our focus is patient care and preventative dentistry. This is why we launched our Diamond Tier Membership, because **your** focus should be a healthy mouth, not the bill. For just **\$59/month**, come in worry free to get xrays, cleanings, oral cancer screenings and other preventative services without panicking about how much it will cost. Need dental work?

You also get **15% off all other dental services!!**
